

Mapped results of a river modeled for a flood insurance study

Project Description

This **flood insurance study** is focused on the **Hudson-Hoosic Watershed**. The following reaches are being studied in detail as part of this study. This requires detailed **field surveys** of **structures** crossing the rivers and of the **river bed** in selected areas. The reaches are described below.

- **Green River (Williamstown)** – Williamstown, MA
- **Hoosic River**– Williamstown and North Adams, MA
- **Hudson Brook** – North Adams and Clarksburg, MA
- **Ladd Brook** – Pownal, VT
- **North Branch Hoosic River**– North Adams and Clarksburg, MA; Stamford, VT
- **Potter Hollow Brook** – Pownal, VT
- **South Branch Hoosic River**– North Adams, Adams, and Cheshire, MA
- **Walloomsac River**– Bennington and North Bennington, VT
- **West Branch Green River**– Williamstown and Hancock, MA
